INTRODUCTION

The Big Meadow Conservation District is a unit of state government that provides advice and counsel on natural resource issues. The District provides guidance and sets priorities for technical assistance of the cooperating agencies.

A board consisting of five (5) elected supervisors and two (2) appointed supervisors manages the Big Meadow Conservation District. Currently we have three (3) vacant supervisor positions. Our board members are as follows:

- Chairperson .......................................................... Carl Clinger
- Vice Chairperson.................................................. Vacant
- Supervisor............................................................. Vacant
- Supervisor............................................................. Vacant
- City Representative............................................... Mac Moezzi
- County Representative......................................... Steve Foster
- Secretary/Treasurer............................................... Dixie McKay

This plan defines the objectives of the Big Meadow Conservation District. It implements the District’s long-range program by specifying those policies and activities that will receive emphasis for the coming year.

MISSION STATEMENT

To provide technical assistance and services to the private sector and public agencies through education and management programs to promote wise use of resources.
GOALS

1. DEVELOP A DETAILED LIST OF RESOURCE CONCERNS FOR PERSHING COUNTY AND IDENTIFY PRACTICES PERTAINING TO THOSE RESOURCE CONCERNS.

2. IMPROVE WEED CONTROL PROGRAM FOR PERSHING COUNTY – ONGOING

3. IMPROVE PUBLIC AWARENESS OF THE DISTRICT AND ITS FUNCTION – ONGOING

4. HAVE THE DISTRICT RECOGNIZED AS A LEADER IN CONSERVATION PRACTICES

5. DEVELOP SUPERVISORS AND FILL VACANT SUPERVISOR POSITIONS.

PLANNING FOR SERVICE

1. CONSERVATION
   The District will:

   A. Develop, with the Local Work Group, a comprehensive list of resource concerns and work with NRCS to develop and justify practices to address the resource concerns of Pershing County.

   B. Provide technical assistance to cooperators to address resource concerns including but not limited to the following: water quantity/quality, soil erosion, plant health and vigor, air quality, rangeland health, wildlife, ag sustainability, bio-fuels, septage, etc.

   C. Serve as an advocate for producers and take a leadership role in government cost share and other funding programs that may become available.

   D. Maintain a close liaison with the FSA, NRCS, Pershing County Water Conservation District and the Cooperative Extension Service. Emphasis will be placed on planning and application of conservation practices.

   E. Actively promote the education and planting of trees and shrubs, and re-establish selling trees to the public. Develop a school-based Agricultural Education Program.

   F. Improve the weed control program in the District in coordination with the Nevada State Department of Agriculture. Take a leadership role promoting coordination with other county, state and federal agencies, private industry and landowners.

   G. Analyze staff needs and secure assistance from cooperating agencies and local sources.
H. Develop and maintain Big Meadow Conservation District Facebook Page to facilitate and promote items 1-A through 1-F.

I. Maintain a social media page for posting educational information, and submitted informational articles to the newspaper.

2. PROGRAM DEVELOPMENT
   The District will:

   A. Take an active part in promoting the NRCS Conservation programs.

   B. Take an active part in the National Association of Conservation Districts (NACD) and the Nevada Association of Conservation Districts (NvACD). Dues were paid to both organizations. A member of the Board will attend the Northeast Area District Meeting.

   C. Review equipment and staffing needs monthly to ensure that District objectives are met. Cooperators were interviewed to ensure that the equipment program is effective.

   D. Prepare and review the District calendar to ensure timely action.

   E. Sponsor the NvACD poster contest in the Pershing County School District.

   F. Maintain Big Meadow Conservation District Facebook Page.

3. INFORMATION AND EDUCATION
   The District will:

   A. Sponsor educational programs on conservation subjects.

   B. Work with local media to publicize the District programs.

   C. Continue annual tree planting, including sales and providing trees for the yearly school program (pre-K through 5th grade for all of Pershing County).

ORGANIZING FOR SERVICE

1. LIAISON
   The District will:

   A. Invite public and cooperating agencies to meet with the BMCD Board on a regular basis.

   B. Maintain contact with local, state and federal officials regarding District plans and programs.

   C. Study current legislative activities and advise their representatives of the effect of legislation on District activities.
D. Review District correspondence to keep informed on regional and national issues.

2. ADMINISTRATION
The District will:

A. Hold at least three meetings annually with special meetings to be called as necessary. The agenda will be mailed or e-mailed to each board member at least one week prior to the meeting. Agendas will be posted in accordance with the Open Meeting Law requirements.

B. Outline the Annual Work Plan in the spring and submit as required.

C. Review the plan and budget quarterly and monitor programs.

D. Prepare the Annual and Financial Reports and submit as required. The report will also be sent to interested local, state and federal agencies.

E. Review all Memoranda of Understanding. Discuss at least one Memorandum of Understanding with an appropriate agency representative each year.

3. FINANCIAL
The District will:

A. Prepare an annual budget.

B. Review and approve a report of the financial status at scheduled meetings.

C. Invest funds prudently.

D. Maintain equipment properly.

E. Explore state and federal grants and other monies that are available to carry out the District's long-range objective.

F. Conduct an annual audit as needed in conjunction with the preparation of the financial report.

G. Generate a report of the financial status of the District at the end of the fiscal year and post the results.

Respectfully submitted,

Carl Clinger

INTRODUCTION

Big Meadow Conservation District Supervisors, Staff and Cooperating Agency Personnel

Big Meadow Conservation District Supervisors, Staff:

Chairperson: Carl Clinger
Vice Chairperson City Representative: Mac Moezi
Supervisor: Robert Depaoli (inactive)
Supervisor: Elizabeth Uhart
Supervisor: Gloria Montero
Supervisor County Representative: Steve Foster
Supervisor: Vacant
Secretary/Treasurer: Elizabeth Blondheim

Cooperating Agency Personnel:

NRCS District Conservationist: Christie Scilacci
FSA: Ali Philips
FSA: Audrey Maurer
DCNR: Melany Aten

BMCD worked to address and advance conservation concerns and programs relevant to the district’s goals and objectives being mindful of the original mission of the conservation district while meeting the challenges of new realities.

BMCD operated for seven months without a Secretary/Treasurer. Elizabeth Blondheim became secretary/Treasurer in April of 2018. Two individuals, Elizabeth Uhart, and Gloria Montero filed to be elected as Supervisors during the November General Election. The two new individuals that filed for office were appointed to Board Vacancies until their elected term starts in January 2019. The Oath of Office was administered to the newly appointed Supervisors. The Supervisors received orientation as to the history of the formation of Conservation Districts during the Dust
CONSERVATION:

The District continued to provide technical assistance to cooperators in order to improve irrigation water management and erosion control. The District encouraged District cooperators to participate in the NRCS Conservation Programs and the Client Gateway Program.

A Local Work Group meeting was not held this year. BMCD is anxiously awaiting the results of the first NvACD Resource Needs Assessment Program District results.

Liaison was maintained with NRCS, NDOW, Division of Forestry, Nevada Depart of Ag, FSA, Pershing County Water Conservation District, Humboldt Weed Management Committee, Nevada Weed Management Association, University of Nevada, Reno, Nevada Cooperative Extension, and the Nevada Farm Bureau. The District continues in the leadership role in the Pershing County Cooperative Weed Management Area PC-CWMA), a countywide weed management association and participation in the statewide Nevada Weed Management Association (NWMA).

The Board periodically reviews the Memorandum of Understanding and Agreements that it has with the aforementioned agencies.

BMCD Supervisors Participated and Contributed to many meetings in Pershing County and beyond.

- A Supervisor from the District attended and participated in the NRCS State Technical Advisory Committee (STAC) meeting.
- A Supervisor attended and participated at the NvACD meeting.
- A Supervisor is an Alternate of the Humboldt River Basin Water Authority Board and in regular attendance.
- A Supervisor is an Active Participant of the Humboldt River Basin Network
- A Supervisor is a Member of the Pershing County Regional Planning Commission
- A Supervisor attends all Monthly Pershing County Water Conservation District Board Meetings and provides feedback to the BMCD Board.
- A Supervisor attends the Pershing County Commission Meetings to comment on Land Use and Water related Issues when appropriate.
- A Supervisor is a member of the Pershing County Natural Resources Advisory Board
- A Supervisor attends the Lovelock Valley Weed District Meetings and provides feedback to the BMCD Board.
- The Grass Valley Advisory Board Meetings are also occasionally attended.
Pershing County Economic Development and Conservation Act:

Current Status: the Bill has passed the House and is in Committee in the Senate.

BMCD has been a Major contributor to the Development and Approval of this Act by the Citizens of Pershing County, the Wilderness Coalition and the County Commission. Beginning over a decade ago, Pershing County has sought to resolve the status of checkerboard lands, wilderness study areas, and other public lands issues within the county. Seventy-five percent (75%) of Pershing County is Managed by the Bureau of Land Management (the “BLM”). Much of this ownership is in a checkerboard pattern. The goal of these efforts has been to provide new opportunities for economic development and protect areas of significant ecological value. On February 16, 2017, Senator Heller and Congressman Amodei reintroduced the Pershing County Lands Bill in the 115th Congress. Introduction of this Bill is just the next step of the legislative process. The Senators will continue to work with Pershing County stakeholders to improve the proposal moving forward.

These recommendations include wilderness designation for the following seven areas:

- Mt. Limbo – this area includes 11,855 acres of the Mt. Limbo Wilderness Study Area.
- North Sahwave – this area includes 13,875 acres of wilderness character lands in the northern Sahwave Range.
- Bluewing – this area includes 24,900 acres of lands with wilderness characteristics in the Bluewing Mountains north of the Sahwave Range.
- Selenite Peak – this area includes 22,822 acres of the Selenite Mountains Wilderness Study Area.
- Fencemaker – this area includes 14,942 acres of lands with wilderness characteristics in the north end of the Stillwater Range.
- Grandfathers’ – this area includes 35,339 acres in the Tobin Range, including most of the China Mountain Wilderness Study Area, a portion of the Tobin Range Wilderness Study Area, and wilderness character lands along the crest of the Tobin Range between the two wilderness study areas.
- Cain Mountain – this area includes 12,339 acres of the Augusta Mountain Wilderness Study Area.

BMCD worked closely with Friends Of Nevada Wilderness to Assure that Pershing County Producer’s Grazing Rights and Existing Mining rights would be protected and garnered Mining and Producer support for this Bill.

Feral Horse & Burro Issues:

BMCD Has written several letters about the Feral Horse and Burro issues, the latest was in support of C Punch Ranch and their Bluewing allotment. The Horse population was 100 times over the HMA Max. This is an ongoing issue.
Annual Work Plan:

The district’s Annual Work Plan was reviewed and updated. BMCD has also submitted several newspaper articles to Winnemucca Publishing for the Lovelock Review Miner.

Agriculture in the Classroom:
Ag in the Classroom is an important concern for the district. Meetings have been held with the FFA Advisor to increase Local Youth participation at State Competitions. Supervisors have encouraged and facilitated 4H, FFA and Grange Youth to participate in numerous Statewide Livestock Shows.

The District hosted the NACD Poster Contest at the Lovelock Elementary and Middle School, and monetary prizes were given by the District for 1st, 2nd, and 3rd Places, as well as sending entries to NvACD. A Financial award was made to the top Participating Teacher.

The District continues with the Annual Arbor day tree-planting program in Lovelock Elementary School, Imlay Elementary School and Little Feathers Head Start, Stepping Stone Academy, and Imlay Preschool. The District furnished 600 bare root Roselow Sargent Crabapple Trees for planting, Supervisors, NRCS and FSA staff and several volunteers from the community instructed the children on planting and caring for their trees. BMCD received a $100 donation from the Lovelock Sunshine Club in honor of Gregory Anert who recently passed away. BMCD is grateful to Lianne Shafer, Lovelock Elementary School Librarian, for facilitating this donation to help provide the Crabapple trees to the Students.

Range Camp:
BMCD committed to Sponsor two Youth to Range Camp, unfortunately one was unable to attend Range Camp due to work requirements. This is the Second Range Camp experience for Leeann McNeff who has benefited greatly from the Rangeland Experience.

Pershing County Water Management Plan:
The Pershing County Water Management Plan was finalized and approved by the Pershing County Commission in June 2018. BMCD was involved with reviewing and making suggestions for inclusion in the Plan. Proposed Policies relating to conservation of water resources in Pershing County include working with, and supporting, the Bureau of Land Management, Bureau of Reclamation, Pershing County Water Conservation District, the Central Nevada Regional Water Authority, Big Meadow Conservation District and other regional groups, to establish conservation and best management practices for a regional water resource. BMCD expects to be heavily involved in the remaining work to be done to implement the Water Management Plan, especially in the Area of over allocated water Basins.

Pershing County Cooperative Weed Management Area, (PC_CWMA)/ BMCD Chemical Disposal:
The PC_CWMA/BMCD facilitated a collection of old unwanted and Unknown type of Herbicides from local producers which was picked by Nevada Department of Agriculture, (NDA), for disposal by Safe Harbor. The unknown chemical was 30 gallons of Malathion identified by NDA specialists. There were thirty different containers of pesticides in addition to the 30 Gallon Barrel. Some of the other chemicals were DDT which has been sitting around since before it was banned 46 years ago.

ADMINISTRATION AND FINANCE

The District did not hold meetings in July, or, November of 2017, nor January of 2018. All Meetings were held at the USDA Service Center in Lovelock, NV. The Board analyzed equipment and staff needs regularly to insure the District Objectives were being met. Staff was provided to manage the equipment rental program and district administration.

Correspondence was reviewed at all regular meetings.

Full dues were paid to NvACD.

District funds were prudently invested; and personnel and equipment were insured. Financial reports were updated regularly and reviewed at each regular meeting.

Respectfully Submitted,

Carl Clinger
BMCD Chairman

Students get free trees

Many Aten and Gloria Montero gather Roselow Sargent crabapple seedling to be handed out to Lovelock Elementary School students to plant at home during last week’s Arbor Day event.

Students get free trees

Debra Reid • Lovelock Review-Miner

Hundreds of hardy crabapples could be growing up with their new owners thanks to Big Meadow Conservation District and Natural Resource Conservation Service volunteers.

During last week’s Arbor Day event, 406 students from preschool to fifth grade in Lovelock, Imlay and the Lovelock Head Start program received free seedlings for their yards and gardens.

Following a brief lesson on basic tree structure and tree survival needs, students planted their saplings in temporary containers courtesy of the Big Meadow Recycling Center. Potting soil was donated for the tree project by the local Big R hardware store.

If the trees are given an outdoor home, they could grow up to a foot a year and their white flowers and sour red fruit will attract — See TREES, Page Five —
